JOMARRON | LOPEZ Wears Pink for Breast Cancer Awareness

October is National Breast Cancer Awareness Month. It is a time dedicated to raising awareness about the disease and encouraging women to be proactive about their breast health. In honor of breast cancer awareness, JOMARRON | LOPEZ employees came to work on October 23rd decked out in pink and went out to lunch together in Miami's Design District. The firm held their weekly firm meeting at Buena Vista Bistro and reminded onlookers about the importance of raising awareness.
